Welcome To The CRC Family

Welcome to Charlton Rocks Cheerleading Academy for the 26-27 Season!

At Charlton Rocks, our athletes are at the heart of everything we do. We are committed to creating a positive, inclusive environment where every athlete can build confidence, develop new skills, form lifelong friendships and achieve their personal best. Whether you're new to cheerleading or an experienced athlete, we're excited to welcome you into the Charlton Rocks family.

Our aim is to encourage regular physical activity while teaching valuable life skills including confidence, respect, trust, discipline, sportsmanship, teamwork, resilience, leadership, commitment and communication. We strive to be more than just a cheerleading club—we are a family where every member feels safe, supported and valued.

Last season was a milestone for our academy. We proudly represented the UK at the inaugural 2026 European Summit Championships in Lisbon, Portugal, where our first-ever Summit team achieved an incredible 9th place in Europe. This achievement reflects the dedication of our athletes, coaches and families and motivates us to continue raising the standard every season.

As our academy continues to grow, we remain dedicated to providing opportunities for athletes of all ages and abilities. Our experienced coaching team is passionate about helping every athlete reach their full potential in an environment where they are challenged, encouraged and celebrated.

The 2026/2027 season promises to be our biggest and most exciting yet, and we can't wait to welcome both new and returning members. Whether your goal is to compete at a higher level, master new skills, make lifelong friends or simply enjoy the sport, there is a place for you at Charlton Rocks.

Thank you for choosing to be part of our journey. We look forward to another unforgettable season together.

About Our Competitive Teams

At Charlton Rocks Cheerleading Academy, athletes (5yrs to Adults) compete at events across England, with selected Travel Teams also representing the club at international competitions. Competitive training is 12 months of the year, even during school holidays. Athletes attend compulsory sessions which including: Team training and 1 Saturday Tumble class. Team Training focuses on perfecting routine skills ready for competitive events. Tumble Classes are grouped by ability, for individual skill development throughout the season. Competitive stunt groups and tumble solos may be offered to athlete with higher level skills Optional training such as: Open gyms and weekly skill classes can be booked via the website.

Joining a Competition Team

Anyone wishing to join a competitive team for the 26-27 season must attend our official Tryouts 13th-18th July 2026. We also have a video tryout option for those unable to attend in person. If you miss tryouts don't worry! We may have team position available so please email us. Please read our 26-27 Tryout Information pack for all tryout details.

Team Placements

Team placements are based on athlete's age, ability, experience and long-term development. Although an athlete may demonstrate a higher level skill, this does not always mean they have master it with the correct technique. For this reason an athlete may be placed on a lower level team to perfect their technique further. Please note that although our coaches try to place everyone on a team, placements are not always guaranteed.

Creating a team is like a jigsaw puzzle. Our coaches carefully create teams that provide the best opportunity for Athlete progression, success and enjoyment. We kindly ask all athletes and parents to trust the placement process. Whether an athlete is new to cheerleading or experienced, our coaching team will place them on the team best suited to support their development and help them reach their full potential.

Paris Travel Team

FC Bring It On 2026 (Disneyland Paris, France)

In November 2026, we are excited to be offering Competitive Travel teams to compete at FC Bring It On at Disneyland Paris in France. With success competing international, in Portugal in 2026, Ireland in 2025, and Barcelona In 2024 we are looking forwards to taking on a new part of Europe!

Tryouts - Saturday 4th July 26

Anyone who would like to be considered for a placement must attend a tryout, however placement are not always guaranteed. Anyone unable to attend in person can send a video tryout. We are aiming to take 2-3 teams (Levels tbc) in the U12 Division and the U16 and/ or Senior Division. This is dependant on athletes age and ability at tryout. Tryout can be booked via our website.

Team Training - Saturday / Sundays

Teams will train 1.5-2hrs at the weekend due to gym availability and because these teams will be stand alone teams to our normal 26-27 Season teams. After the Paris competition the team will be disbanded. A training timetable will be sent out after team placements. Please note training days/ times may differ from week the week.

Travel / Accommodation

All Travel & Accommodation must be book by members themselves as we have found this is the most cost effective option. The gym will be closed Friday 27th- Monday 30th November 2026 for travel. Athlete may have extra training Wednesday 25th November so we ask that you do not book your flight for earlier than this dates.

Team Commitment

Team Training will be 1 times per week, however additional training may be added if needed. Any additional training dates will be communicated to you in advance via band. Athletes will be required to attend all training sessions with a strict 3 strike absence rule. We aim to make travel team trips as budget friendly as possible in order to reduce any financial stress on families. Therefore we will be organising fundraising to reduce help athletes costs. Athletes will be expected to attend/participate in fundraising events/ activities to benefit from any fundraising money raised.

Season Commitment

Attendance Matters

Please know that we do not mean to scare anyone with our commitment expectations. However, Cheerleading is a team sport and we have teams for differing levels of commitment. We run strike absence and strike policies, so please make sure you familiarises yourself with these policies.

Participating in our competitive teams is a 12-month commitment, with training running during school holidays and on bank holidays unless there is a scheduled club closure. Teams rely on every athlete knowing roles, counts, and changes. If an athlete is missing, the team can not train sections such as stunts/ pyramids which can lead to skill regression and a lack of confidence. This is why attendance is very important.

Competitive athletes are expected to priorities their team commitment and attend all training/ event. Additional training and extended sessions may be scheduled around key moments in-season.

Planning Ahead Helps!

Families should keep dates in this information pack free for training, camps, and events and holiday should not be taken 3 weeks before any competitions/ event!

Any absences in the 3 weeks prior to competition/ event other than those approved in advance by the coach will see the athletes' position at that competition/ on the team removed. Be sure to read our absence & strike policies for full details before committing to a team placement.

Known holiday dates must be communicated to and approved by the coach by the end of September. This is to enable coaches to plan the training sessions accordingly. The deadline date to hand in known holiday dates is 30th September 2025. Any dates handed in after the deadline date may incur a strike or team placement removal.
